PRICE LIST 2019

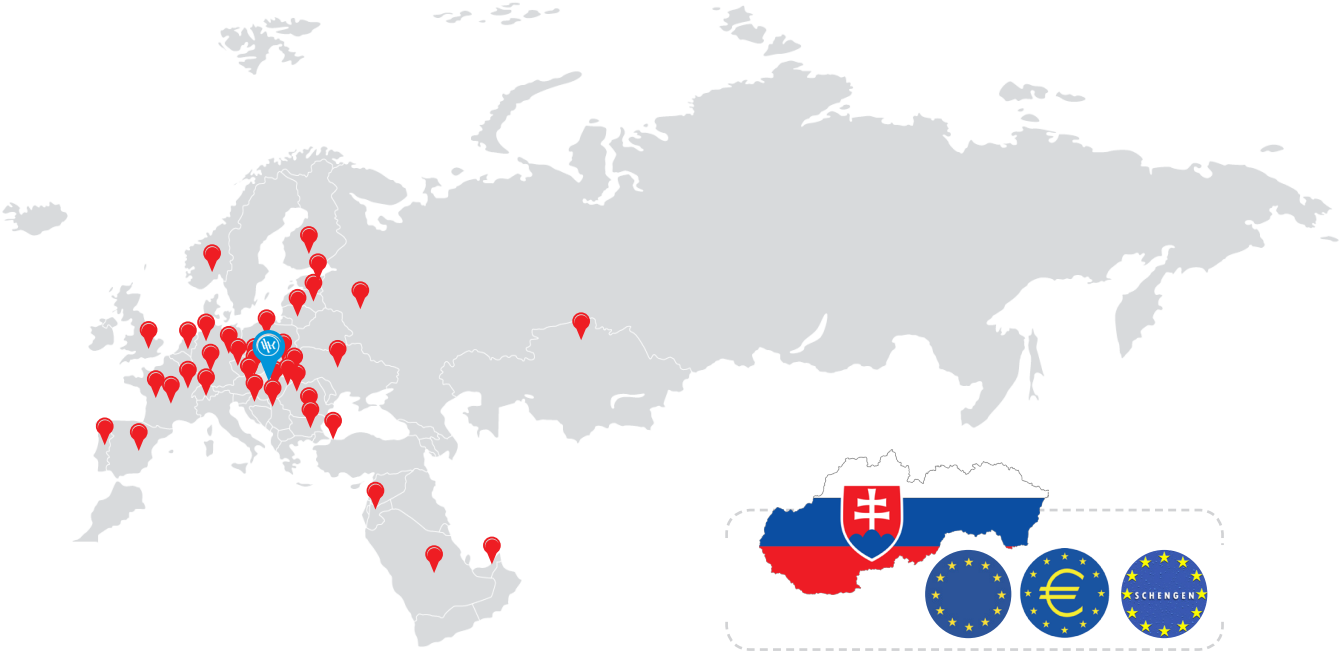
Swimming pool Heating and Dehumidification

VALID FROM: FEBRUARY 6, 2019

MICROWELL

European manufacturer
of swimming pool dehumidifiers and heat pumps

INTERNATIONAL SALES NETWORK



From its foundation in 1992, MICROWELL Ltd. is firmly present on the global market, with 750 distributors and partners in 30+ countries across Europe, Russia, Middle East and North Africa.

All products are proudly developed and manufactured in Slovakia.

Slovakia is European Union, Schengen area and Eurozone member.

MICROWELL Headquarters

Microwell operates in 3 business divisions /Dehumidication and Heating Solutions, Measurement and Control, Air conditioning and Ventilation/, emloys 60 emloyees in 6 Branch offices in 3 countries: Slovakia, Czech republic, Hungary/. The company has own manufacturing facilities, warehouse, R&D department.

The core strength of Dehumidification and Heating Solutions Division is its R&D team, that works hard to find new solutions or innovations in Inverter control system technology as well as in WIFI regulation of Microwell products. They developed the second generation of DRY SIREN, with advanced functionalities. Furthermore, there was a new, more ecological refrigerant "R32" used in the heat pump production.

Production & warehouse

Primary manufacturing facility located in 3.000m^2 venue.

Office extends over 1.260m^2.

R32 REFRIGERANT

Highly efficient ecological refrigerant

Reducing Global Warming & Ozone Layer Depletion by HP production

The quantity of R32 refrigerant used is significantly lower as compared to the R410A refrigerant. Consequently, this results in decreasing the potential of global warming and minimal depletion of the ozone layer. That´s why Microwell developed the new generation of swimming pool heat pumps, working on the principles of R32 refrigerant with higher capacity.

IMPROVED ENERGY EFFICIENCY

HP Inverter technology

Inverter technology enables powerful yet quiet performance of Microwell heat pumps, while minimising the energy consumption. New Microwell models come exclusively with R32 gas in 2019.

Wi-Fi REGULATION

Mobile app for DRY SIREN and HP

Control your machine by using Android or iOS based smartphones. This advanced technology provides you many benefits, it allows a user to reach their Microwell equipment anytime, from any place of the Earth. You only need to download the 'Smart HP' app for heat pumps or ´DRY Siren´ app from the Google Downloads or the Appstore.

WINTER MODULE

New Auto ICE screening function prevents Microwell heat pumps from any damage during extremely cold weather. when a substaintal ice built-up occurs, the heat pump switches itself automatically in super defreeze cycle that melts the ice away. Winter module helps to extend operational air temperature range down to -15°C.

Dehumidifiers Pages 6 - 25

Swimming pool dehumidifiers

on the wall, on the floor, behind the wall 8 - 15
ducted 16 - 20
ceiling mounted 22 - 23

Dehumidifiers for galleries 24

Dehumidifiers for industry 25

Heat pumps Pages 26 - 49

Swimming pool heat pumps

for mid-size pools /up to 60 m³/ 28 - 39
for bigger pools /up to 70 m³/ 40 - 41
for larger pools /up to 120 m³/ 42 - 49

Accessories & Spare parts Pages 50 - 63

measurement and regulation 51 - 53

installation material and equipment 54 - 57

spare parts 58 - 61

ventilation 62 - 63

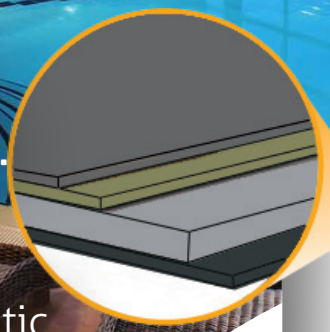
MICROWELL

SWIMMING POOL DEHUMIDIFIERS

MAXIMUM PROTECTION with DRY METAL

METAL cover created by 3 protection layers to ensure 100% corrosion free and reliable material.



Metal sheet:

- 1st layer - zinc color
- 2nd layer - PTFE Teflon/plastic for maximum protection
- 3rd layer - metallic color

All powder coated at 180°C.

HAVE YOUR COLOR in 48 hours

MICROWELL offers the widest options of colors. Just CHOOSE YOUR OWN RAL COLOR and you GET IT in 48 hours.

The effective performance of these dehumidifiers is proven to be the best in class.

Qmax - Heat pump TESTER

Cover	Measurement accuracy
metal	± 5%

Save up to 30% on energy bill €

Carry-on measurement device designed to provide measurement and optimization of heat pump´s performance and efficiency

Price EXW
w/o VAT /EUR/

Basic equipment:

- Carry on measurement device with inductive flow meter KROHNE Optiflux 2050 with connection DN50
- A pair of mobile WIKA Pt100 resistance thermometers
- Measurement device

1. Qmax-TESTER

measures: water temperature inlet & outlet, true heating or cooling output, heat pump power consumption, water flow
counts: Coefficient of performance /COP/, Energy efficiency ratio /EER/

2 890

2. Heat pump´s OPTIMIZATION

executed by a Microwell trained technician

99

COEFFICIENT OF PERFORMANCE **COP**

ENERGY EFFICIENCY RATIO **EER**

WATER FLOW **m³/h**

WATER TEMPERATURE IN/OUT **°C**

HEATING/ COOLING OUTPUT **kW**

POWER CONSUMPTION **kW**

IMMEDIATE TESTING OF A HEAT PUMP

MICROWELL

SWIMMING POOL DEHUMIDIFIERS

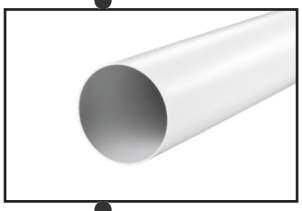
NEW

SAVING ENERGY, TIME & MONEY

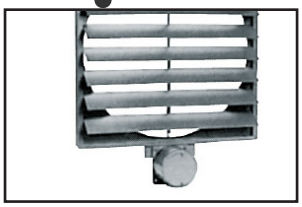
ADDITIONAL VENTILATION

Bring fresh air into your pool and **warm it** with the dehumidifier

Fresh air metal extesion for connection to dehumidifier



Plastic circular hose



Plastic external louver

Compatibility to All DRY range.

Our Innovation: FRESH AIR SUPPLY

Each Microwell dehumidifier has fresh air supply possibility. The air inlet is located under the condenser, that way the incoming fresh air is effectively heated at no cost thanks to heat recovery.
